

FieldEdge Payments

POWERED BY  CLEARRENT™

**PAYMENTS
MADE EASY TO
KEEP YOUR CASH
FLOWING**

Save Time

- **All-in-one solution.** FieldEdge offers built-in payment processing powered by Clearrent to simplify payments.
- **Real-time reconciliation.** Once you take a payment in the field, it is immediately associated with an invoice and processed in FieldEdge and QuickBooks.
- **Eliminate errors.** Avoid the extra time and human errors that come with recording payments in multiple systems.
- **Accept payments in the field.** Easily connect a mobile card reader to your tablet or smartphone so your techs can accept payments at service appointments.

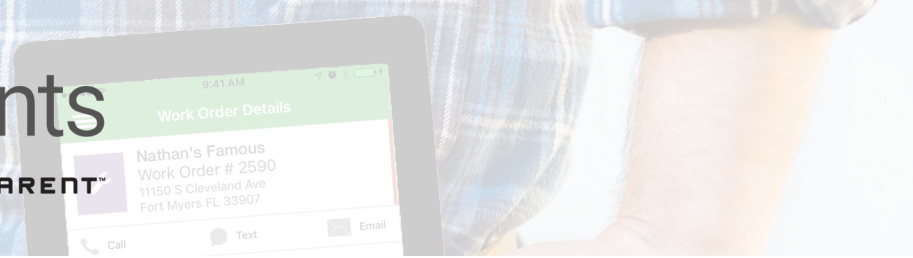

Get Paid Faster

- **Online customer payment.** You don't need to chase down your customer for payment. With FieldEdge Payments, you can easily invoice your customers before or after their service appointment with an online bill. Your customers can pay the invoice with a click of a button on our securely hosted payment page.
- **Next day funding.** FieldEdge Payments offers the option to enroll in Clearrent's Next Day Funding service. With an 11:00 PM Eastern cut-off time, you can fund payroll and inventory purchases as soon as the next business day.

FieldEdge Payments

POWERED BY

Save Money

- **Competitive pricing.** FieldEdge Payments offers the lowest flat rate pricing structure in the industry to keep things simple and predictable. Like your current rate? We'll work with you to get the best deal.
- **Lower your processing rates.** Get a lower processing rate when you swipe card payments in person.
- **Reduce chargebacks.** Upgrade to an EMV-ready card reader so that your business isn't liable for counterfeit transactions.

Get Reliable Service

- **24/7 access to your account.** Clearent's Compass[®] Online Reporting Tool provides transparent reporting and breaks down every transaction and fee on a statement, in comparison to other payment processors that provide vague and misleading statements.
- **Live support.** Clearent's terminal support team is ready to answer your questions quickly so you can get back to business.

Certified Processor With:

Clearent is a full-service, payments solution provider with more than 400 employees, 45,000 merchants, and \$16 billion in processing volume. From traditional point-of-sale terminals, mobile solutions, and tablet-based systems to a custom-built virtual terminal, eCommerce plug-ins, and hosted payments, Clearent helps small business owners securely accept payments just about anywhere.
