

REFRIGERANT RECLAIM PROGRAM

It's as Simple as ... 1 - 2 - 3!

- 1. Fill your certified cylinder until it is at least 50% full.**
(Keep your gases from getting mixed to ensure purity level)
- 2. Return it to your local Gustave A. Larson Branch location.**
(A complete list of branch locations, including phone numbers is located on the back of this page)
- 3. Return to work with a certified cylinder.**

KEY BENEFITS:

- ☑ **Simple ... Simple ... Simple!!!**
- ☑ Quick return of your service technicians back to billable service with a quality certified cylinder for immediate use.
- ☑ Cylinder maintenance is eliminated.
- ☑ Elimination of turn around time...No more waiting for your cylinder to be emptied.
- ☑ **NO FAULT/NO HASSLE** over the counter exchange.
- ☑ Critical service with the convenience of doing business with your local Gustave A. Larson Company branch.
- ☑ No fault on mixed gas. No disposal fee unless gas is mixed with hydrocarbons, non-refrigerant gases, is not separable or has a purity level of 95% or below.
- ☑ Large users can consolidate on site per "½ Ton" Program
- ☑ Cylinder re-certification will be automatic.

PROGRAM ELEMENTS:

- We will accept any reclaimed refrigerant.
(Cylinders must be at least 50% full.)
- Low handling fee of \$45.00 per cylinder exchange. Empty expired cylinders (non-certified) \$50.00.
- Non-standard cylinders will be exchanged for a stock cylinder.
- Refrigerant with purity levels 95% and below will be assessed at a \$6.00 disposal fee. Purity to be determined by the factory at time of return.
- Mixtures of multiple gases that make it impossible to separate the individual gases will be considered "Mixed Gas" and a \$6.00 per pound, disposal charge will be assessed.
- Any mixture of hydrocarbons (flammable gases) will also be assessed a \$6.00 per pound, disposal charge.
- We will purchase CFC's on a per quote basis. When purchased, individual cylinders coming back will be credited as we are credited from DuPont based on quantity, purity and net weight.
