

Mitsubishi M- and P-Series Service Course

First Tuesday and Wednesday of Each Month

Course Information

COOLING & HEATING

Acquire the in-depth knowledge and skills needed to install and troubleshoot Mr. Slim M&P series systems.

Day 1: M- and P-Series Installation

Day 2: M- and P-Series Service Essentials

Throughout the 2-day Mr. Slim Service Course you will:

- Be introduced to the concepts and theories of Mr. Slim system operation
- Be given an in-depth functional study of the unique technologies employed
- Participate in detailed discussions surrounding the theories of properly applying, installing and troubleshooting Mr. Slim M&P-series systems

Concepts and theory are covered in the classroom and reinforced through practical hands-on exercises. Static displays and fully functional Mr. Slim systems are installed for system analysis and practical troubleshooting exercises.

Target Audience:

This 2-day course is recommended for installers, startup and service personnel for Mr. Slim systems, who possess intermediate or greater HVAC technical skills.

This class is also a prerequisite of becoming a Diamond Contractor. We recommend bringing a laptop or smart device to the class. The classes are held on the first Tuesday and Wednesday of each month.
